Providing services in
Southern California

25+
YEARS

CLIENT TESTIMONIALS

JOA Group's outstanding dedication, problem-solving skills, and ability to foster a positive atmosphere amidst challenges have not only exceeded expectations in closing out the project but also set a high standard for effective and personable project management.

Supervisor, Los Angeles County
Development Authority

JOA Group was a key component to plan review, budget analysis, and overall contractor & tenant coordination. Additionally, it was a huge help to have someone local on-site looking out for the Landlord's interests on a regular basis.

Senior Associate, Development Management
Services, Nuveen Real Estate

JOA Group did a great job with the project they oversaw for us. Their team communicated very well and managed the contractor to ensure the project was on schedule and stayed within budget.
